**DIGITAL HORIZON SOLUTIONS NAMES MOHSEN HEKMATYAR
VP SALES FOR NORTH AMERICA**

FRISCO, TEXAS—March 17, 2008—Digital Horizon Solutions (DHS), a progressive provider of integrated access control solutions built for today's IT environments, announced today the appointment of Mohsen Hekmatyar as the Vice President of Sales for North America. Mr. Hekmatyar will oversee business development endeavors for DHS and strengthen the company's position in its four target markets: casinos/gaming, education, financial and government. He will be responsible for all revenue-generating activities for the company in North America.

"DHS is experiencing tremendous growth, and I am very excited that Mohsen Hekmatyar will be leading the charge as we develop new products and enter new markets," John Carter, DHS President and Co-founder, said. "Hekmatyar's industry experience coupled with his proven record of successful business development strategies will be a tremendous asset for DHS."

Mr. Hekmatyar is an industry veteran with more than 15 years experience in the security and building automation industries. He began his security-focused career at CSI Control Systems International, a Texas-based building controls company with integrated access control products. In 1997, Hekmatyar joined Ultrak Inc., a \$200M publicly-traded company based in Dallas, Texas, where he served in various business development roles for access control, CCTV and digital video products. In 2000, Ultrak named Hekmatyar Vice President of International Business Development responsible for all business development and revenue-generating activities of the company's international offices.

Mr. Hekmatyar served as the Senior Vice President of Sales and Marketing at Biometric Corporation and most recently served as the Vice President of Service, Sales and Marketing at B&B ARMR Corporation, a provider of perimeter security solutions and anti-terrorism devices.
