DIGITAL HORIZON SOLUTIONS NAMES RICHARD HENNIGAN EASTERN REGIONAL SALES MANAGER

FRISCO, TEXAS—June 2, 2008—Digital Horizon Solutions (DHS), a progressive provider of integrated access control solutions built for today's IT environments, announced today the appointment of Richard Hennigan as the Eastern Regional Manager. Mr. Hennigan will develop the eastern region to include recruiting security integrators, assisting our national partners in maximizing their sales efforts to end users and strengthening the company's position in all its current target markets including casinos/gaming, education, financial and government.

"Richard is a knowledgeable and well respected professional in the industry known for his hands-on method in technical sales, which is a natural fit to our company's culture and approach to the market", Mohsen Hekmatyar, VP of Sales said.

Mr. Hennigan is an industry veteran with 20 years experience in the security industry. He began his career at Control Systems International working to recruit national accounts and establish a system integrator network for the US. He has extensive experience with product management and training on access control systems. While working at Ultrak, he single-handedly introduced a new product to market and recruited an entire dealer network specific to the product line. He has extensive experience with Mercury products and working with consultants to design, manage and implement projects.

Mr. Hennigan most recently served as the Sales Manager at Technical Systems Marketing working with security systems integrators to increase sales to their end users primarily in the southwest region. His primary responsibilities included interfacing with local consultants, end-users and federal authorities for long-term planning and deployment of integrated systems.
