

Digital Horizon Solutions Names Ray Prosis as Central Regional Sales Manager

9/10/2007

For Immediate Release

Frisco, TX – Digital Horizon Solutions (DHS) today announced the appointment of Ray Prosis as the Central Regional Sales Manager for DHS. Mr. Prosis is an industry veteran with more than 25 years experience in integrated system products. Educated and experienced as an Electronics Engineer, Mr. Prosis brings a strong technical background to this key sales role. He has a wealth of knowledge and experience in the government and commercial security systems markets. Having begun his career at Johnson Controls, Mr. Prosis also held positions as the Federal Sales Manager and National Sales Manager for TAC Americas. Mr. Prosis is a certified network engineer, certified energy manager and a member of ASIS.

In making the announcement, Mr. John Carter, President of DHS, stated “I’m truly excited to have Ray as a member of the team. His strong personal character combined with a real commitment to excellent customer service will be key factors in the growth of our business. His knowledge and technical background will be an asset to the company as he builds and supports our integration channel in the Central States.”

About Digital Horizon Solutions

Headquartered in Dallas Texas, Digital Horizon Solutions (DHS) is a wholly owned subsidiary of Keri Systems Inc., one of North America’s largest and best known independent providers of access control and integrated security systems. With over 30 years industry experience, the DHS team has developed Enterprise solutions for airports, military installations, government facilities, universities, hospitals and fortune 500 companies around the globe, as well as many standard commercial applications.
